# Our Vision: "A Thriving, Just, Healthy, and Equitable Region"

## Humboldt Area and Wild Rivers' new shared vision imagines an inclusive and prosperous future for our four-county region

The Humboldt Area Foundation and the Wild Rivers Community Foundation together are excited to announce our new shared Strategic Vision that will guide our foundation efforts for the next ten years and beyond.

The new strategic vision is an assertion of our values as well as a road map to guide how we invest and collaborate across our four-county region.

We envision a generational outcome of: A Thriving, Just, Healthy, and Equitable Region

This vision will be animated by four

specific, decade-long goals:

- Racial Equity
- Thriving Youth & Families
- Healthy Ecosystems & Environment
- A Just Economy & Economic Development

Together, these four goals will inform the programmatic and strategic work of the organization. We invite you to discover more by visiting our homepage at [hafoundation.org/strategy](https://hafoundation.org/strategy).
