Appointments are recommended for individuals in need of assistance to fully utilize the Center's resources.

The Center opened in 1994, with initial support from the Davis and Lucile Packard Foundation and the William T. Rooney Fund.

The purpose of the 2020 Regional Nonprofit State of the Sector Survey was to gain an understanding of the nonprofit operating environment in relation to funding, advocacy, collaboration, building capacity, operational adaptation and advancing racial equity within the four county region of Curry, Del Norte, Humboldt, and Trinity. This survey provides an opportunity to better understand the diversity of experiences community-based organizations are having throughout the region during this difficult time.
